## Fall Brings a Festival of Events to RHM!

Have you noticed the change in the air? The humidity is gone and the mornings are crisp. Isn't it amazing how quickly it happens each year?

There are many reasons to celebrate the arrival of autumn, including a fabulous line-up of events at our own Robbins Hunter Museum. Read all about it below.

One event not to be missed is our first speaker in honor of Victoria Woodhull. **Amy Butler** is a *world-renowned textile designer* and her studio is right here in Granville. The pictures below are just a small sampling of her beautiful products, which include fabric, sewing patterns, books, bedding (now available at Bed, Bath & Beyond), towels, rugs, wallpaper, stationery, luggage and handbags. Recognize the Village in the middle photo? Read more by visiting her [website](#), then mark your calendars for this **FREE EVENT**. You are sure to be inspired by her entertaining presentation. This is a member-guest event, so be thinking of which lucky girlfriend you'll choose to invite!
